Dear President,  
Dear Prime Minister,

Concern: Open Letter regarding Israël boycott

As you would know, Miss Ahed Tamimi has raised the old idea to boycott israelian products.

Please forgive this manner of act,  
due to bad advises and inexperience, I guess.

I consider this idea as obsolete, and non-productive,  
having bad consequences for palestinians workers of israelian companies,  
and Israelians Peace Organizations whose members work in Israël.

So, I present my own project:

=> Ask to europeans Companies,  
to pay invoices emitted in your area,  
ONLY if they are written and sended as follow:

Name of the israelian or palestinian company (As usual)  
Adress and postal code without the country (As usual)  
Country:

- Not "ISRAEL", but: "TIKVAMAL (ISRAEL DISTRICT)"
- Not "WEST BANK", but: "TIKVAMAL (WESTBANK DISTRICT)"
- Not "GAZA STRIP", but: "TIKVAMAL (GAZA DISTRICT)"

This doesn't stop businesses, but is clearly full of meanings.

I hope that my own project will be followed soon, by european Companies.

It is high time, to put a final end, to the open dispute between jewishes and palestinians.

So, thanks to consider me in the future, not as an enemy, but as a true partner.

Rebuilding the Temple of Jerusalem requires **peace**, and peace requires **justice**.

"Tikva" means "hope", "Amal" means too "hope".

"Tikvamal" is the union of the two words.

Thanks to make me know any shorter electronics ways of communication, wich could be useful in the future.

Friendly and respectfully,

**Jean-Marc Lambert**
